NOTE. In order to assist bidders, Mr. Elder will be glad to advise
them in regard to the value of any lot in this sale,

SALE OF THE WILLIAM BELCHER AND OTHER COLLECTIONS.

With this catalogue we are pleased to present the collectors a treat in the William Belcher, H. C. Ezekiel and other collections of interest and importance. Mr. Belcher's collection includes a long line of ancient Greek and Roman Silver and Bronze Coins, as well as a remarkably fine collection of several hundred choice Foreign Silver Coins of Dollar or Thaler size. The Roman pieces include many of interest covering every period in Latin history from the rise to the fall. The foreign crowns are notable for fine preservation and should attract many bidders.

The collection of Mr. Henry Clay Ezekiel, of Cincinnati, contains many pieces of interest in Greek, Roman and Modern Coins, Store and War Cards and Numismatic Books, and includes the remainder of his formerly large collection, with the exception of his noted Cincinnati group. The lots consigned by Douglas Campbell, Esqr., includes some early United States silver dollars in wonderfully fine preservation. The sale covers almost the entire numismatic history of the world so far as coin localities and periods are concerned. The sale is rich in Rare Foreign Patterns in both silver and copper; rare Greek and Roman Gold Coins, fine United States Gold Coins, Civil War Tokens, both Foreign and American Medals in large variety, Napoleonic Medals, and a collection of medals consigned by Joseph Hallar, of Wausau, Wisconsin. The interesting lot of Autographs of royalty and other distinguished persons should not be overlooked, together with the prints, relics and curios. Mention of individual coins should include the Rare U. S. Silver Dollar of 1839, the Rare Monogram Half Penny of Nova Scotia, the St. Patrick's "Commerce Penny" of 1814 and the fine Stater of Philip II and Aureii of Nero, Trajan and Antoninus Pius.

In this sale are over 1300 lots, all to be sold in two sessions. Each session commences at 1:30 P. M.

New bidders, and those who have not already done so, are requested to read our sale terms before bidding, as these will be strictly adhered to.

Please give the catalogue careful perusal and send us a good-sized lot of bids. Bid early to avoid delays at the end.

CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing within 30 days of the date of the sale.

Coins and medals are sold at so much per **PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to \$2.50, when 10c. advance must be bid, up to \$10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay \$5.00 for the entire lot, then bid \$1.00.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing and shipping, but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

- 790 CANADA. Head of St. Patrick veiled to left. PURE COPPER PREFERABLE TO PAPER—PENNY TOKEN. Rev. Britannia seated to left, holding sprig above her, COMMERCE; below, base, 1814. Edge engrailed. Fine. Very rare. I do not find it pictured in Breton. Nor is it shown by Dr. Jos. Leroux in his well known work. It undoubtedly is in the same class with the doubtfuls which circulated so freely in Canada between 1820 and 1840. It must be a piece of special interest and rarity to Canadians and I have never offered one before.
- 791 Bouquet Sou Token. Similar to general type shown in Breton as No. 714. A stain spot on obv. harms what would be a good coin as it is nearly bright red.

FOREIGN MEDALS, PENINSULAR WAR MEDAL, ETC.

- 809 1793-1814. General service Medal. Obv. Bust of Victoria to left, name, date, 1848. Rev. Queen standing on a dais, placing a wreath on the Duke of Wellington, who kneels before her. At side of them a lion dormant, TO THE BRITISH ARMY—In Exergue, 1793-1814. Edge: JOSEPH DAVIS 4th FOOT. Bar ST. SEBASTIAN. About mint state. The most perfect example I have ever had. It has lain in the Paige Collection for over 50 years, wrapped in a bit of old newspaper of 1863. Type of Medal Mayo Plate 33; also Tancred p. 97. As to St. Sebastian, Tancred writes, on page 105: "This Spanish fortress in the province of Biscay was surrendered by the French Governor, General Rey, on the 9th of September, 1813. During the siege which began in July, very severe loss was sustained by our (English) troops. On the 25th of July, after a breach had been effected, General Hay made an attack, in which "the Royals" conspicuously distinguished themselves, but which failed owing to the defenses round the breach not having been previously destroyed. Again, on the 31st, an attack was made, Lieutenant-General Graham having received orders to that effect from Lord Wellington, and the town was taken by storm. This success led to the surrender of the castle on the 9th of September."

Carter, in his "Medals of the British Army," gives a long account of the battle (see pages 125-29) and states 847 men were killed and 5,172 wounded in this engagement, among them one Lt. General and two major generals. The regiments stated on page 129 to have been engaged include the 1st, 4th, 9th, 38th, 47th and 59th regiments. On page 126, we read, "The pickets of the 4th, Cacadores, and one hundred and fifty men of the 13th. Portuguese Regiment, supported by three companies of the 9th, with a reserve of three companies of the Royals formed on the right to attack the redoubt." A highly interesting and rare medal.
